## RUN A 90 LB. JACKHAMMER AT A FRACTION OF THE COST!

With the Vanair Viper diesel you get all the air power you need to get the job done at half the cost of tow behinds and cross mounts. Engineered with smart technology to provide automatic variable speed control for fuel savings, the Viper is perfect for running 90 Lb. jackhammers, operating up to 4" piercing tools and blowing out irrigation systems. Designed with a simple push start control panel, the Viper is compact enough to fit into even the smallest pickup truck bed.
